Good call.

The final FYR is in SDMS, document #30285245. It's about 45 megabytes, too big to e-mail.

Principles and integrity are expensive, but they are among the very few things worth having.

Dan,

FYI, we should make the PRP group aware of the new 5 year review also. I am talking with Fred Phillips today on other MEW issues and will discuss with him the best way to accomplish this. Just wanted you to be aware.

Do we have the final document in electronic format?

Steve
